Booking Supplies Checklist *for Marquis Collection Properties*

ENSURING EACH GUEST HAS A COMFORTABLE STAY

HOW IT WORKS

Before each guest arrival, our team ensures supplies are neatly organized for a polished presentation. Rental Managers carry these products with them and may store some of these items in your locked linen closet.

BILLING

Replenishment of these items is included as part of our standard guest preparation services.

Any specialty requests or bulk restocking beyond standard quantities will be billed separately.

The cost of these supplies is held back from your payout associated with each booking.

For any questions about this checklist or specific supply requests, *please contact your Account Manager or Rental Manager.*
